N.B.: En général, les hampes vont vers le bas pour ce qui est joué par les pieds et vers le haut pour ce qui est joué avec les mains. Cependant, il est possible de combiner tous les coups sur une seule hampe, ce qui peut ressembler à un accord plaqué pour la batterie. Cette méthode est particulièrement utile pour écrire des rythmes à la batterie. On s'en sert régulièrement dans la revue de batterie *Modern Drummer*.

Exemples de rythmes (beats)

"Walk This Way" - Aerosmith "I Got You (I Feel Good)" - James Brown

"La Bamba" - Ritchie Valens "One" - Metallica
